Description:

🔗🔗 NATURAL CHARGED BIOCHAR – Organic Soil Enhancer (10 Quart Bag) – \$2,500 🔗🔗

Revitalize your soil the natural way with Natural Charged Biochar!

Our Natural Charged Biochar is made from 100% natural hardwood charcoal, enriched with a nutrient-packed plant solution. It's a powerful, eco-friendly soil booster that promotes healthy plant growth and improves overall soil health.

Benefits of Natural Charged Biochar:

- 100% Natural Composition: Made from pure hardwood and activated with plant nutrients for an organic boost.
- Boosts Nutrient Retention: Holds essential nutrients, reducing the need for chemical fertilizers.
- Improves Water Retention: Keeps moisture in the soil longer, reducing watering frequency.
- Enhances Soil Structure: Naturally improves aeration and drainage, allowing roots to grow deeper and stronger.
- Supports Microbial Life: Encourages the growth of beneficial microbes, fostering a healthy soil ecosystem.
- Eco-Friendly Solution: Sequesters carbon, making it a sustainable choice for both your plants and the planet.

10-quart bag treats 25-30 gallons of soil!

Mix 1 quart of biochar with 2 gallons of soil to maximize plant health in gardens, flower beds, or pots.
