Description:

Best-in-Class Performance: 2000-Watt peak power module for high output and zero distortion.

- Intrinsic Correction™: Advanced DSP tuning that ensures the speaker sounds consistent across all volume levels.
- Versatile Design: Can be used as main Front-of-House speakers or high-performance floor monitors thanks to their multi-angle enclosure.
- Digital Display: Easy-to-use rear panel with presets for different applications (Dance, Stage Monitor, Vocal Boost, etc.).
- Pro Connectivity: Dual XLR/F plus 1/4" TRS combo inputs and a 3.5mm jack for easy connection to mixers or phones.

Location

Parish: St Catherine
